

Shawn Desman, Better Than Me

[Verse 1]

It's so illogical
So unconceivable
How could you ever love anyone other than me?
It's so impossible
So unbelievable
How could you have the nerve to tell me that you want to go away?
You gotta be crazy to wanna go that way
I'm telling you baby just let me explain

[Chorus]

Girl you need to know, if your gonna go
You'll be back in time,
I've got everything you need
Look over this sea
Baby it doesn't get better than me
Yo it doesn't get better baby
Come on, It doesn't get better

[Verse 2]

It must be magical
Or maybe mystical
If that call you say will be
For your love, better than me?
Could it be possible
Your just delusional
I am the better one
So don't don't you go away
You gotta be crazy to wanna go that way
I'm telling you baby just let me explain

[Chorus]

Girl you need to know (you need to know)
If your gonna go (If your gonna go)
You'll be back in time (you'll be back in time, back in time)
I've got everything you need (everything you need)
Look over this sea (look over this sea)
Baby it doesn't get better than me (it doesn't get better than me)

Don't waste my time I've got girls in line
Moment that you go
I'll be sure to let them know
You'll be on your knees
It doesn't get better than me

[Bridge]

Girl it doesn't get better
Don't be thinking that you'll ever
Find somebody who is better
Girl it doesn't get better
Don't be thinking that you'll ever
Find somebody who is better
People come through like me never
Girl don't you go away
You gotta be crazy to wanna go that way
I'm telling you baby let me explain

Girl you need to know (know)
If your gonna go (If your gonna go)

You'll be back in time (you'll be back in time)
I've got everything you need (everything you need)
Look over this sea (look look over this sea)
Baby it doesn't (doesn't get) better than me

[After Chorus]

Don't waste my time I've got girls in line
Moment that you go
I'll be sure to let them know
You'll be on your knees
Baby it doesn't get better than me
Doesn't get better better than me
Oh yeah
Better than me
Come on come on
Yeah, doesn't get better ,doesn't get better, better than me
It doesn't get better than me..
