

Shayne Ward, If Thats Ok With You

If That's OK With You

I love the way that you look without your make up
I had a girl before we met but we broke up
Theres something 'bout you that makes me want to step up
step up and be with you
If That's Ok With You

We'll keep the neighbors awake too late too late
cos imma make you feel so good thats how i see it happening
yeah we'll keep the neighbors awake too late too late
cos baby i wanna step up and be with you
if thats ok with you

im gonna make you feel like you are heaven on earth
I'm gonna saint your mother just for giving you birth
im gonna wanna hold you in my arms when you cry
if thats ok with you
if thats ok with you

I wanna keep your toothbrush at my appartment
Make a second set of keys and ask you to move in
I'm not crazy
I know what im getting myself in
I wanna live with you
If thats ok with you

im gonna make you feel like you are heaven on earth
I'm gonna saint your mother just for giving you birth
im gonna wanna hold you in my arms when you cry
if thats ok with you
if thats ok with you

If thats ok with you

im gonna make you feel like you are heaven on earth
I'm gonna saint your mother just for giving you birth
im gonna wanna hold you in my arms when you cry
if thats ok with you
if thats ok with you
if thats ok with you
if thats ok with you

we'll keep the neighbors awake too late too late
I wanna love you this way that way this way
