

Shazna, Jelly In The Merry-go-round

In my dream
I can be myself
I can be with you
Any dream we dream
Will come true
I can always make sure
I am being myself in my dream
We are free
Free to be
Just you and me
City is crazy
A radio is playin'
Singing about a love
Dare not call its name
Melly love song
Walkin' in the city
You're lookin' pretty
Sweet heart memory
White silent night
Lucy with diamonds in the sky
Oh, kiss me, overdriving tonight
Everything that we know falls away and apart
Believe in you
Never ever leave you
Take me to your heart
World keeps turning round
But don't go gentle into the night
In my dream
I can be myself
I can be with you
Anything we want
We can do
Life is like a merry-go-round
It keeps on going round and round
We are free
Free to be
Just you and me
Far beyond the crowd
We'll be walking proud
Forbidden love no more
Know our love is alive
Hand in hand, pureness
My head is spinning
The ride is beginning
Merry go around
Every little thing I do
Always takes me back to you
In my soul
I can be myself
I can take your hand
People all around
Understand
Life is like a merry-go-round
It keeps going round and round
We're alive
We are free
Just you and me
I can always make sure
I am being myself in my dream
We are free
Free to be
Just you and me
