

Sheena Easton, A Dream Worth Keeping

Anytime you want to be right here
Just imagine me and all this will appear
You can keep this moment all your life forever near.
A dream worth keeping.

When you're feeling lost I'll be your star
Just reach out and touch me no matter where you are
In a world where precious things are disappearing overnight
Just keep my star in sight.

I believe
We've found a dream that's worth keeping
For more than just today
And even though
The winds of change may come sweeping
It's still a dream worth keeping
So don't let it fade away.

Maybe you'll be in some distant land
Feeling all alone, but I'll be close at hand
And every time you see a rainbow paint the sky behind the rain
You'll be here again.

I believe
We've found a dream that's worth keeping
For more than just a day
And even though
The winds of change may come sweeping
It's still a dream worth keeping
So don't let it fade away.

Some day you might be thinking
That life has passed you by
Your spirits might be sinking
With hope in short supply
And that's the reason why
That's the reason why
I know this dream's worth keeping
As long as it will stay
And even when you see the darkness come creeping
A dream worth keeping
Will never fade away....
