

# Shelby Lynne, I Will Stay

You stood there wearing the night  
Look in my eyes, no surprise  
That I wanted, to love you

You took me in your mind  
I took the time, to realize  
I love you

But this time, I will stay

Daylight nears your face  
I won't erase, the picture we made  
And I will follow, the page  
I will, stay

No trace of yesterday  
They are gone  
Tomorrow's begun  
And I know, yes I know  
I will stay

hmmmmmmm
