

Shelby Lynne, Restless

chorus:

Restless...oh restless

Missing you baby is making me crazy and blue

restless...oh restless

sitting here wishing I was hugging and kissing on you

well I wake up every hour on the hour every night
counting down the minutes till you're here to hold me tight
this bed is full of empty when I'm lying here alone
I got a deep desire...baby come back home

chorus

well I've walked a hundred miles pacing up and down the halls
another pot of coffee and I'm bouncing off the walls
smoking like a chimney, cussing up a storm, damn I need your loving...baby come back home

restless...oh restless

sitting here wishing I was hugging and kissing on you

sitting here wishing I was hugging and kissing on you

restless...oh restless (x2)

break it down...oh yeah
