

Shelby Lynne, Where We Go From Here

Here we are
Lost in time
Any fool could see that I'm
Fallin' fast
Dancin' slow
Wonderin' where we go from...

Here, tonight,
Could it be
Friends could find so easily
Love at last
If you know
Tell me where we go from here

We both know that life is so uncertain
A night like this may never come again
Maybe this is our one chance
For all we know
Tell me where we go from here

With each kiss
We both know
Darlin' where we go from here

With each kiss
We both know
Darlin' where we go from here
