

# Shenandoah, Somewhere In The Vicinity Of The

shenandoah-  
thousand miles of lonesome highway  
drinking gallons of coffee in a little cafe's  
brought me here  
and it's so good to find  
that there's someone who's got the same story as mine  
just look at us, we're a couple of hard cases  
so how'd we end up where we are

chorus  
somewhere in the vicinity of the heart  
i feel something hittin' me awful hard  
i don't know where it's gonna lead  
but i just know it starts  
somewhere in the vicinity of the heart

alison kraus-  
been so long  
i can't believe i feel something so sweet  
where an ache used to be  
don't fall in love anymore  
but i've never met anyone like you before  
stay here with me for a couple of more minutes  
i think there's something going on

repeat chorus

shenandoah-  
well it sure took a while to find  
it's been waiting here all this time

repeat chorus
