

# Sheryl Crow, Love Is Free

One  
Two  
One, two, three!

She got a shack  
Floating down the Pontchartrain  
With the water rolling in  
You gotta swim  
Before the levees start to crack

Another day  
Another dollar down the drain  
You go to town  
No one's around  
Cause if you drown  
There ain't no hope for coming back

It ain't no big thing if you lose your faith  
They kinda like to keep you in your place  
You never know what might be coming your way

Oh everybody  
Devil take your money  
Money's got no hold on me  
Oh oh everybody's making love  
Cause love is free

You go to church  
And pray to God for no more rain  
A Cadillac  
A paper sack  
Well hey there Jack  
You want some bourbon for the pain

Hey tambourine  
Ain't no rhythm on the street

With the voodoo  
What do you do  
When the radio just plays on anyway?

Those crazy fingers in your jelly jar  
They'll jack your money  
While you sleep in you car  
They got the karma  
They ain't getting too far

Oh everybody  
Devil take your money  
My money's got no hold on me  
Oh oh everybody's making love  
Cause love is free

Everybody come together  
Everybody come together  
Everybody come together  
Everybody come together

Yeah everybody  
Devil take your money  
Money got no hold on me  
Oh oh everybody's making love  
Cause love is free

Oh everybody  
Devil take your money  
Money got no hold of me  
Oh oh everybody's making love  
Cause love is free

Love is free
