

Sheryl Crow, On The Outside

I stood close enough to hear you say
"Do as the beautiful once did"
Tore out my picture from its frame
Just wanted to be one of you

Standing on the outside
Lookin'
Lookin'
Funny how you see the truth
But the feeling does come back
To you

She's crazy as anyone can be
That's what they say
They say it me
Wanting love can make one do
Isn't my fault
Heredity

Standin' on the outside
Lookin'
Lookin'
State of grace
State of sin
Standin' on the outside
Lookin'
Lookin'
I cannot feel a single thing
But the feeling does come back
Again Just what it feels like yesterday
Yesterday follows me around
Where do you go when no one cares?
Six feet under
Underground

Standin' on the outside
Lookin'
Lookin'
State of grace
State of sin
Standin' on the outside
Lookin'
Lookin'
I cannot feel a single thing
But the feeling will come back
Again - again
