## Shihad, It's A Go

No time like the first time Guess it's a go Bite down Before it all goes up in smoke When you don't know How it's gonna feel When it finally hits all too real There's no time like the first time That's no joke

Don't want to talk about it No need to think about it Just step up on to the edge Then move on

Because you get nowhere
With that caution flashing in your head
Toss and turn
It got you wrapped up safely in bed
If you don't know how it's going to feel
You got a life with the truth that's concealed
Take a dive into the unknown
See who floats
