Well it's the dope like mess,
go against grave with a mess in my eyes
to see death be the psychotic narcotic rebel now letting
all you motherfuckers,
call me mac man wanna see green god smile,
everydays just another days my time,
sounds get buckwild bustin' these rhymes,
no assassin' copyin' my style it be crime,
in my darkness let my soul shine
Ije shigani wada

All you hommies in the biz, watch your back, protect your neck,
'cuz you bout to get smacked
