

Shiny Toy Guns, Money For That

School bells ringing 1994
Music's burning, running in my head
Gonna shout it out
In my head
How could I forget

I'd give you money for that
If there's some way I could go back
I'd give you money for that
If there's some way, I would
How could I forget

Little choices seemed so pointless
No one near me ever slowed me down
I was good to go
In my head
How could I forget

I'd give you money for that
If there's some way I could go back
I'd give you money for that
If there's some way, I would
How could I forget

Pictures on rented walls
All of the souls I know
It's like another time
Where did it go
Where did it all go

I'd give you money for that
If there's some way I could go back
I'd give you money for that
If there's some way, I would
How could I forget
