

# Shivaree, Who's Got Trouble

Please take me out of here  
So we can have a ball  
I've been tied up  
My face against the wall

Who's got trouble  
We've got trouble  
Go ahead make mine a double  
I do declare I'm in a state  
And I just can't wait

Please get me out of here  
My handsome buckaroo  
Wait until I get  
My hands all over you

Who's unhappy  
We're unhappy  
Get my coat and make it snappy  
I do declare I'm in a state  
And I just can't wait

I'm under the bed  
You're over the moon  
And it won't be over easy but it could be over soon

Please take me out of here  
Do like you're daddy do  
Wait until I get...my hands all over you
