Shout Out Louds, Shut Your Eyes

Say yeah Don't say no Because I'm ready now And I want to go What if I cry cry cry wolf So I die die die alone I want to know Please say it isn't so It's now And we're too late There's no time for a debate But if you swear you'll never leave Then I promise I'll be the one Who stays there all along So shut shut shut your eyes It sounds so good right now And gave us a big surprise Stay close Don't get up You're starting now so please stay off What if I shout shout my name You'll always remember my name I want to know Please say it is so So shut shut shut your eyes It sounds so good right now And gave us a big surprise So shut shut shut your eyes It sounds so good right now And gave us a big surprise
