

# Sick Puppies, Anywhere But Here

I held onto you for as long as I could but today  
You fell away  
Now what I hold are the memories we barely made  
I stood on the edge of your bridge until I felt the rain  
Wash me away  
My confusion left me fast as the vertigo came

What I believed to be true it was only a dream  
Believed in me  
I just projected it over your beautiful screen  
I self medicated my way through this mess that we made  
So I could stay  
There was nothing, but I waited  
I waited

This was my mistake  
Broken are plans we made  
So I will be traveling any place  
Cuz anywhere's better than  
Here we rest in peace  
Rubble beneath the feet

I shouldn't have followed you anywhere  
Cuz anywhere's better than here

Where is the space I could move, where could I rest my head  
There's nothing left for me here  
It's hard to leave behind  
The one thing that made me feel alive  
So I slide  
From paranoid to paralyzed

This was my mistake  
Broken are plans we made  
So I will be traveling any place  
Cuz anywhere's better than here

This was my mistake  
Broken are plans we made  
Here we rest in peace  
Rubble beneath the feet  
I shouldn't have followed you anywhere  
Cuz anywhere's better than here
