

Side Walk Slam, That Day Still Lingers In My Min

well i heard you're leaving
you've been contemplating this for a while now
so say goodbye now.
do you have a destination or just imagination?
you seem so heartless. how can i ask this?

do i deserve a second chance to share this romance?
(why leave me, stay with me)
cuz i've, i've lost myself to you. i don't know what to do
(why leave me, stay with me)

yesterday was a hard mistake.
please don't follow in my path.
yesterday i died alone.
please don't follow in my path.
