

# Sigh, Diabolic Suicide

All my misery and all my hate  
All my regrets and all my fate  
To my breast I'm holding them all  
What you hear will be the executioner's call  
All my blood and all my tears  
All my anger and all my fears  
To my breast I'm holding them all  
What you fear will be the executioner's call

All my reasons and all my treason  
All my illusions and all my disillusion  
To my breast I'm holding them all  
What you hear will be the executioner's call  
Buried is my beautiful death and  
Buried is my miserable life  
My precious life was poisoned and then my death  
My death will be raped

I was dreaming in the darkness when they called my name  
Never save me please!  
Rising is my vengeance when my death collides and life fades  
Never save me please!  
I was dreaming in the darkness when they called my name  
Never save me please!  
Rising is my vengeance it is DIABOLIC SUICIDE!  
Never save me please!

Confusion starts to rise and  
What I've done is a sin to win  
Mercy isn't a key to me as  
Light is in my hand and darkness is in my hand  
When the candle burns out and  
When the flame of life burns out  
It's the beginning of the end  
It's the beginning of the vengeance, my friend

Hidden feelings invoked, I'm choked, now I need a sacrifice  
I will sacrifice myself to achieve my goal, time will come tonight  
When another love is born and when another death is born  
Souls will be torn, my thorn, and let them go  
They're forgotten and forlorn
