

# Silent Circle, Forget The Stranger

It's a crime what you've done to me  
I can't deny you make me cry silently  
Since you're gone I don't wanna realise it's true  
I can't forget what I'm feeling for you

Is it the way it's meant to be?  
Don't walk away

Forget the stranger (Don't keep me waiting)  
And stay with me now (Come back to me)  
Forget the stranger (Don't keep me waiting)  
He's the one who makes you cry.

Don't tell me it's destiny  
I can't believe to see  
That you fall in love this way  
Don't tell me it's time to part  
'cause you would break my heart  
Is it just the game you play?

Come see the message in my eyes  
It is too late to say goodbye  
Feel the fire, stay forever  
For all my life.

Lonely nights and I think of you  
I miss you so, I wanna know what to do  
Can't you feel I just wanna talk to you tonight  
I cannot describe what I'm feeling inside.

You're far away, you're on my mind  
Come back and stay.

Forget the stranger (Don't keep me waiting)  
And stay with me now (Come back to me)  
Forget the stranger (Don't keep me waiting)  
He's the one who makes you cry.

Don't tell me it's destiny  
I can't believe to see  
That you fall in love this way  
Don't tell me it's time to part  
'cause you would break my heart  
Is it just the game you play?
