## Silent Force, I'll Be There

If I could see this through so much to say Here in a place I don't know If I'll get away

I walk a line today Wide, but blind You know it was somewhat of my design

In my mind, I'll be there Comes a time a time for us to share In my mind, I'll be there comes a time a time for us to share a time for us to share someday

How can I leave you this way? a place so alone If I could see you there's a world unknown

If my heart says watch the time You know it brings to mind a certain rhyme All alone today, I I wipe the tear think of the world away our world so near

In my mind, I'll be there Comes a time a time for us to share In my mind, I'll be there comes a time a time for us to share a time for us to share someday
