Let me hit

(x7)  
let me hit (let me hit it)

(Silkk)

I went in the room  
and saw a girl I aint seen in a long  
ass time  
I said how you doing  
what cha doing  
Damn you got fine  
I dont know about you but  
dis its cool to fuck  
actually it being night  
my whole life its cool to fuck  
? brand it and sand it  
what  
plan b so let get  
let me hit it  
(take this)  
fucking right he did  
lets start this  
Im still heartless  
dont fall in love  
I think you heard  
got baby  
like record label drop artist  
I think that shit love better somtin nice  
lil preppie chick  
but I still wanna wrap  
bets night than a hug  
Im bout to get  
as a motha fucka  
guard tha sets and get it  
come back now roll it fat and let me hit(pass the weed)

(Chorus x12)

(Mystikal)

Let me hit  
Let get it  
turn around give it to  
already know what I want  
Fuck all that beat around tha bush  
make up yo mind  
Bitch do what you dont  
9 times out of 10  
them jackers sit here  
probally you dont

id rather pull a bitch drows to the side and smell here funky  
pussy stunk  
I aint tripping on the stupid  
Id rather have a good time in this bitch  
trying to get my smoke on  
what you got cigarettes  
(ah thats it the bitch got to be stopped hold)  
I still got a guard left over from last night  
Damn I like to forgot  
I dont blow no joes  
But inhale some weed smoke  
Id rather be hitting you from the back  
if you really dont know  
she said my periods down  
Ita be gone in a minute  
then she said  
I thought you had some weed  
then tha bitch said  
let me hit it

(chorus x17)
