

# Simian Mobile Disco, I Got This Down

I got this down right  
I got this all tight

I got this down right  
You got no place to hide  
All night

I got this down right  
I got this all tight  
All night

I got this down right  
You got no place to hide

I got this down right  
I got this all tight

I got this down right  
You got no place to hide  
All night

I got this down right  
I got this all tight  
Bring it on  
Wanna see what you're looking at me  
You wannabe  
All night

I got this down right  
You got no place to hide  
Watch me what you looking at me  
You wannabe  
Dance all night

I got this down right  
I got this all tight

I got this down right  
So all night  
All night

I got this down right  
I got this all tight

I got this down right  
So all night  
All night
