

Simon Mathew, All Night Long (Eurovision 2008)

All night long
The sun is up
I'm feeling great
I'm just enjoying life
Right here in the shade
Lets take a ride, right away
I'll be by your side
So easy the easy life
Celebrate the good times
All night long
All night long
Celebrate good times come on
All night long
Who's to tell
What's to come
All I know is tomorrow
Today will be gone
Get out, out of bed
Put on your blue suede shoes aha
Get up, up and dance
Celebrate the good times
All night long
All night long
Celebrate good times come on
All night long
If your life is like a sad song maybe
You should try and celebrate it
Celebrate it
All night long
All night long
Celebrate good times come on
All night long
