

Simon Webbe, Ride The Storm

I wanna learn how to surf, you know,
Above the Earth,
I wanna know how to fly, you know,
Touch the sky.
That's how I feel, baby, when you're with me.

I can rip through a shirt, you know,
Go berserk.
Bounce to the sky,
I can jump real high,
That's how I feel, baby, when you're with me.

Oooh, fire in the sky,
Oooh, watch me rise.

I hear you call,
You won't see me fall,
When I ride the storm,
Ride the storm.

I wanna learn how to surf, you know,
Above the Earth,
I wanna know how to fly, you know,
Touch the sky.
That's how I feel, baby, when you're with me.

Oooh, fire in the sky,
Oooh, watch me rise.

I hear you call,
You won't see me fall,
When I ride the storm,
Ride the storm.

I'm your rebel hero,
Theif of hearts,
You're my night when I'm in the dark,
That's how I feel, baby, when you're with me.

I hear you call,
You won't see me fall,
When I ride the storm,
Ride the storm.
