

Simple Kid, Lil' King Kong

I was eat to the beat of Cynic Street when
I saw I signpost tellin me to pick my feet off the ground now
So I thought to the shrink, told her all bout my lover
She told me get a dog that says Bow Wow Wow
Met a sad man with a book in hand called
Be A King Kong And Live Your Life In The Now
Two weeks later hes a rummy all full o liquor
Shoutin at the passers down in ol Soho

Raise your hands up little King Kongs
Come on sisters and brothers now
All this pressure gonna make you strong
When yer kicked down
Give it a lil King Kong

Its no use lookin for black and white
Cos even zebra crossings got traffic lights, this I know
Second-hand clothes and hand-me-downs from my brothers
Taught me not to never need no logo.No Logo

Raise your hands up little King Kongs
Come on sisters and brothers now
All this pressure just makes you strong
When yer kicked down
Give a lil King Kong
