

# Simple Plan, Tell Me

\*Crash\*

I know I will  
I...I...I...I...I already know that

This song goes out to all my hoes  
And all my bitches  
Get up!

Do you feel it?  
Yeah I feel it!  
This is going out to all the summer girls  
Uh!

You never told me  
What you're thinking of!  
You always told me  
It was nothing but love

You said you'd always  
Be my friend  
You said  
You'd stay

Coming with everything  
I had for you  
Even though  
It did not mean love  
You came  
You said you'd meet me there  
You said  
You'd stay

Tell me, Tell me  
Tell me what you want  
You said you'd be my friend  
Tell me Tell me  
Tell me what you want  
I know its not too late, go!

Coming with everything  
I had for you  
Giving it all i ever had  
Knowing nothing never really matters  
I know you cared

Tell me Tell me  
Tell me what you want  
I know its not too late  
Tell me Tell me  
Tell me what you want  
I know its not too late

Yeah yeah yeah

Tell me Tell me  
Tell me what you want  
I know its not too late  
Tell me Tell me  
Tell me what you want  
I know its not too late!

Suck it hoe!  
And I'm spent
