Simply Red, High Fives

High fives, truly night jive Living in the night time Soul man, golden old man Weathering the time sands

This whole rhythm gives me what I need Praying hard as your lifetime Praying hard as your lifetime Praying hard as your lifetime goes by

White lines fooling my kind Living for the night time Hold hands, home in old land Weathering the time sands

This whole rhythm gives me what I need Praying hard as your lifetime Praying hard as your lifetime Praying hard as your lifetime goes by
