

# Simply Red, I know the desert can't hold all the love

I thank you for the things you have shown me  
Thank you for the love of my life  
So far anyway, now it's really really over  
O God I really thank you baby  
Most of all I thank you for your love  
Like good people should do anyway  
I thank you  
I really thank you  
All of my life  
I really thank you  
My souvenirs I hold them and remember  
All the days for the rest of my life  
Truth is I miss you in all the ways you will imagine  
See me, feel me I wanna say  
Most of all I thank you for your love  
Like good people should do anyway
