

# Simply Red, Love Has Said Goobye Again

Love has said goodbye again  
Words and music mick hucknall

Love has said goodbye again. see the road we go down  
When the wind dies down come the tears  
That bring a new beginning  
Love has said goodbye again feel the road we go down  
We are here but the way we are here it is changing  
There are many things here in this world  
That make me laugh  
Comes a dream, comes a dream  
Hey laugh hey laugh

Love has said goodbye again. feel the road we go down  
From the clear new year comes the dream of a new tomorrow  
There are many things here in this world  
Are gonna make me laugh  
Comes a dream  
Hey laugh, hey laugh, hey laugh  
Love has said goodbye again. feel the road we go down  
From the clear new year comes the dream of a new tomorrow  
From the clear new year comes the dream of a new tomorrow  
From the clear new year comes the dream  
Comes a dream
