

# Simply Red, Someday In My Life

Here from the top of a mountain  
I see you there  
In the cool night air  
Someday in my life

Fear has no reason to doubt them  
They tell me so  
Yet they will never know  
You are here in my life

Wherever I go now  
I'll follow you  
And my heart will be true  
I have never known someone  
To stay right here  
Soon you will be right here  
Someday in my life

[Piano solo]

Here from the top of a mountain  
I see you there  
In the cool night air  
Someday in my life

Storms may rage on about them  
They hail and snow  
Yet they will never know  
You are here in my life

Wherever I go now  
I'll follow you  
And my heart will be true  
I have never known someone  
To stay right here  
Soon you will be right here  
Someday in my life
