

# Simply Red, Sunrise

As I look into your eyes I see the sunrise  
The light behind your face helps me realise

Will we sleep and sometimes love until the moon shines  
Maybe the next time I'll be yours and maybe you'll be mine

I don't know if it's even in your mind at all  
It could be me  
At this moment in time  
Is it in your mind at all  
It should be me, it could be me  
Forever

Wandering through life will love come home to you  
And the love you want forever, will they be true to you

Will we sleep and sometimes love until the moon shines  
Maybe the next time I'll be yours and maybe you'll be mine

I don't know if it's even in your mind at all  
It could be me  
At this moment in time  
Love's indescribable  
It should be me, it could be me  
Forever

Easy, ready, willing, over time  
Where does it stop where do you dare me to draw the line  
You've got the body now you want my soul  
Don't even think about it say no go
