

# Sinamore, Better Alone

Wish you could kill me every day  
Still you are keeping me alive  
By feeding the grain of self-destruction  
If I reach the red line just in time  
Could you push a needle through my soul  
Final statement: Better off alone.  
I see you running back to your cave  
Guess you are hiding from your sentence  
Could you even invite me in  
I want you to know I don't need you to save me from this world  
I want you to know I'll haunt you  
All the light turns dark  
I stop breathing yea the pain stays where it was  
Walls getting closer  
As the sight grows dim  
Start a fire to see the guilt walk right in  
I want you to see me  
Riddle of this all lives in you  
Resign oneself to one's fate: Find the way to easiest hell  
Padon behind the door turn the key for solution  
Pull the trigger for the sake of friend  
All the light turns dark  
I stop breathing yet the pain stays where it was  
Walls getting closer  
As the sight grows dim  
Start a fire to see the guilt walk right in  
I want you to see me
