

Sinead O'Connor, 4 My Love

4 my love this night I have
Your baby in my belly
All my life I'll love you for
The life you've given me
So love no longer be frightened
I will never leave you
Sleep safe in the night now love
Sad dreams never come true
You'll always find that one who loves you
You'll always find that one who loves you

Oh my love your love 4 Ireland
Will not be in vain
"4 whomsoever God place
No man can take away"
So love no longer be violent
God's children deserve to
Sleep safe in the night now love
And have their dreams come true

Ah come back and find
That one who loves you
Ah climb back inside
The one who loves you
And feel what it's like
To love one who loves you
Ah come back and find that one
