

# Sinergy, The Warrior Princess

Born unto fire and passion  
a warrior princess to be  
the maiden hero in her prime  
earning her nobility

Rebellion and rage were all she knew  
in the time before he chivalry  
malevolence fading away  
on the face the enemy

Staring boldly at fire  
with majestic eyes of ice  
a lifetime quest never to end

There's no rest for the wicked  
Xena charging on to battle  
fighting for the honour of her countrymen

Danger lurking in this mist  
once again Xena prevails  
her legendary saga will live on forever more!

Adventure now a way of life  
awaiting the next rivalry  
a call from the gods and the hunt goes on  
a beauty out to catch the beast

The cyclops seeking to destroy  
each village and land on his way  
with her weaponry and skill full mode  
a final breath flows through the prey

When serenity is broken  
Xena will be there  
stand by and watch her victory

There's no rest for the wicked  
Xena charging on to battle  
fighting for the honour of her countrymen

Danger lurking in this mist  
once again Xena prevails  
her legendary saga will live on forever more!

Staring boldly at fire  
with majestic eyes of ice  
a lifetime a quest never to end

There's no rest for the wicked  
Xena charging on to battle  
fighting for the honour of her countrymen

Danger lurking in this mist  
once again Xena prevails  
her legendary saga will live on  
forever more!
