

Siobhan Donaghy, As You Like It

Verse 1

Since I've been dealing with you
My prince suppose has taken a move
And I, I'm feeling misunderstood
Do you think our heart is made of wood

Short Chorus

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Verse 2

Dreams filled with pictures of you
Extremes, the things that you make me do
And I'm getting carried away
Want you in my picture today

Chorus

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me
Even when I say you don't
I know you won't
Believe a single word I'm saying
Baby won't you stay awhile
As you like it round me

Bridge

Please don't go and leave me here alone
To entertain myself
Here's my fear, I'll make it clear for you
I can't contain myself

Repeat Chorus (x2)
