

# Siobhan Donaghy, Nothing But Song

Now we started from  
A background thing find diffusing  
If I'm not on  
I'll make this home

Back loose this faceless trip you'll induce that face all around  
In every strung hold up commune

Anyone  
Anyone

I'll be gone 'til I'm gone  
Whatever it takes  
To break this song in  
Let these agents come and trace me  
I'll be gone  
Til I'm gone

Am I to blame  
The room of wrong and illusions  
Keeps me sane  
Nothing but song

I'll be gone  
Til I'm gone  
Whatever it takes  
To break this song in  
Let these agents come and trace me  
Said I'll be gone  
Til I'm gone

I'll be gone  
'til I'm gone  
Whatever it takes  
To break this song in  
let these agents come and trace me  
Said I'll be gone  
Til I'm gone

With all its question assuming  
The songs make what were all about  
An agent form wont get you me  
Everyone  
Everyone

I'll be gone  
Til I'm gone  
whatever it takes to break this song in  
let these agents come and trace me  
Said I'll be gone  
Til I'm gone

I'll be gone  
Til I'm gone  
Whatever it takes  
To break this song in  
Let these agents come and trace me  
I'll be gone  
Til I'm gone  
I'll be gone  
Til I'm gone  
Whatever it takes  
To break this song in  
Let these agents come and trace me

I'll be gone  
Til I'm gone  
I'll be gone  
Til I'm gone  
whatever it takes  
To break this song in  
Let these agents come and trace me  
Said I'll be gone  
Til I'm gone  
I'll be gone  
I'll be gone
