

# Siouxsie and The Banshees, Face To Face

Face to face -- my lovely foe  
Mouth to mouth -- raining heaven's blows

Hand on heart -- tic tac toe  
Under the stars -- naked as we flow

Cheek to cheek -- the bitter sweet  
Commit your crime in your deadly time  
It's too divine -- I want to bend  
I want this bliss, awww, but something says I must resist

Another life -- another time  
We're Siamese twins writhing intertwined  
Face to face -- no telling lies  
The masks they slide to reveal a new disguise  
You never can win -- it's the state I'm in  
This danger thrills and my conflict kills  
They say follow your heart -- follow it through  
But how can you -- when it's split in two?

And you'll never know  
You'll never know

One more kiss -- before we die  
Face to face -- and dream of flying  
Who are you? -- who am I?  
Wind in wings -- two angels falling  
To die like this -- with a last kiss  
It's falsehood's flame -- it's a crying shame  
Face to face -- the passions breathe  
I hate to stay...but then I hate to leave

And you'll never know  
No, you'll never know

No, no  
You'll never know  
You'll never know  
You'll never know  
You'll never know
