## Sirenia, A Mental Symphony

Sleep in the fire, in thorns an decay Dreams and desires they have all been a waste I'm getting closer, so close to awake So close to what life's been, yet still so far away

Dancing through days...
where the pain ascend in thousand ways
Dancing through nights...
where the darkness strikes me form inside
Dancing through life...
where it's strife enshrines all my desires
Dancing through death...
a dance with the devil and flirt with the dead

Leaving the fire, abandon the flames Lost in denial, all your life's been in vain Life growing colder, it's closing in on you I know you're going down, but there's no more I can do

Calm me down to the sound of my insanity Voices screaming, astral dreaming A mental symphony...
