

# Sisqo, Dream

[Verse 1]

Told myself time and time again  
That I'm not in love with you and then  
You came to me one night in a dream  
You meant more to me than I wanted to see  
There was nothing I could do to stop it  
Even though you're with somebody else

If I didn't really care why were you there  
The color of your eyes the scent of your hair  
I know dreams aren't reality  
But you're so real so real to me

[Chorus]

It took a dream to tell me that I love you lady  
I couldn't see that you were always there for me  
Remembering the time we shared together  
Came clear to me one night I am I am in love

[Verse 2]

I tossed and turned a broke a swear  
Woke up with tears my pillows wet  
I'm drowning in a river of my hopelessness  
If only you can save me now  
I've got to find some way some how  
To let you know how I feel inside  
Cause it's so obvious and hard to hide

[chinky:]

And it came clear to me one night  
I am in love  
And what can I do and what can I say  
To let you know that I feel the same  
Please don't walk away  
Cause I know I can't be wrong  
And my dreams they can't be wrong

[Chorus (2x)]
