

Sister Hazel, Another Me

Diggin' in for another day
Carrying on in my own
But you know me
I live and die nearly every day
Insanity, it's havin' its way with me

These days in the gallows
I'm kneeling at the block
With my neck outstretched
And I should've stayed in the shallows

But you know me, I'm in too deep
And I'm waiting for another me
One that can change the pain of yesterday
Carry me through another day
And I'm waiting for another me
One in between the burn
And the lessons learned
'Cause being me ain't no way to be

I'm talking law down at Murphy's Bar
Unhappy hour on my own last call
Calling me out on my living lie
Looking for luck I can't even buy
[Chorus]

Give me one chance at recovering
What was lost
And give me one shot at redemption
At any cost
Repair my way before it breaks me
Don't break me

Hello did you notice me
Can't you see that I'm crumbling down
Tired of the same old same
I'm coming to
I'm coming back around
[Chorus]
[Chorus]
