

Sister Seven, Some Things Are Free

Wanna feel thy nerves and ink my skin
I want it, I need it
Wanna fight the man my skin's worn thin
He's got it, we want it
Pictures and needles in my skin
They can't understand it

Live in the sunshine
That's where I'll be
Sleep by the street sign
Some things are free
Nothing is easy
I'll take my time
Ride into heaven
Some things are free

Wanna drink my love from angel's hands
I want it, she's got it
I'll be good as gold with all my friends
We've got it, they want it

Tangles and tangles in my hair

You'll get what your payin? br>
Live in the sunshine
That's where I'll be
Sleep by the street sign
Some things are free
Nothing is easy
I'll take my time
Ride into heaven
Some things are free

Pictures and needles in my skin
They can't understand it

Live in the sunshine
That's where I'll be
Sleep by the street sign
Some things are free
Nothing is easy
I'll take my time
Ride into heaven
Some things are free
