

Six Feet Under, Necrosociety

I'm gonny poison the population
Gonna plan myself an assassination
On the hunt to kill again - I plan to butcher the planet
I'm like the cold hand of Death
Reaching out to snatch the next
And when I'm through with them
Motherfucker you're the next fucking victim
In this necrosociety
In my necrosociety
I'll turn you all into blood sucking freaks
Those who won't turn - Meat!
Feed to bleed to kill to live to die afraid
Of what I can do to you
The savior of mankind
The cause of world-wide homicide
Fall to your knees and pray to me
My knife will get you free
In this necrosociety
In my necrosociety
I'm gonna murder everyone on earth
And when your dead I'm gonna kill myself
Murder mankind murder mankind
