

Six Feet Under, The Poison Hand

Deadly to you
you'll just fade away
nothing left in your head
this is the touch of death
deadly to you
you'll just fade away
nothing left in your head
this is the touch of death
you're just fadin' away
to the grave
there's no savin' you now
deadly to you
you'll just fade away
nothing left in your head
this is the touch of death
