Six Feet Under, Zombie Executioner

chainsaw mutilation zombie decapitation cutting off the head spurting necks attached to torsos twitching spasms involuntary the heart is still beating even after death a living dead body I kill and dissect experimenting on dead bodies torturing as I cut off extremities blasting through genital cavities cutting through its guts eyes pulled out and skull sawed open brain removed to electrically shock burn the seizing flesh just to watch you scream in pain zombie executioner experimenting on dead bodies abuse of the corpse strength through the flesh the undead flesh enlightens me zombie executioner I kill with fervor lust and despise tearing up flesh killing dead bodies bleeding the tongue has been ripped out slaughtering faces have been ripped off awaken the dead just to kill them I chant the ancient curse this plague cant be reversed the moon is bright and full the chainsaw ripping through more victims chewed up by my weapon I test inhuman practices on the undead flesh a blood soaked body with no legs or hands screaming and drooling innards down its chin a beginning to and end of the human race chainsaw mutilation zombie decapitation cutting off the head spurting necks attached to torsos twitching spasms involuntary the heart is still beating even after death a living dead body I kill and dissect zombie executioner experimenting on dead bodies
