

Skankin' Pickle, Go Home Now

2 yrs, 4 yrs, what makes it seem so long for people to react with such indecency?
I'm making it go, think for a while
There makes are enough for 4
Hey scream, flush the toilet just a thing to do
You've got to stop worrying about other people's shoes
You call, I'm scared Why?
I don't know here's a \$1.23 for you
Hey I'm going now
Want to be involved though it's not really true
Fat boy on the bike follow us come now
Is it time for us to go home now?
Making ground or so it seems heard the black taxi has left without me
call option x, nah I'll sit here and listen to a tape by FEAR
Lie about things create diamonds with my feet
wear keys on my belt though I'm only 8 yrs old
my shoes have a rubber flap over the toe
and the kickball is going far
