

Skeeter Davis, Let's Make Love Not War

[Both]

Come on baby let's make love not war come on baby what're we fighting for
Don't let a silly fight keep us apart tonight come on baby let's make love not war

[Skeeter]

Now everytime we fight you know it makes me so sad

[Bobby]

But don't say things you know gonna make me mad

[Both]

Let's hold each other tight and everything will be all right

Come on baby let's make love not war

[steel]

[Skeeter]

We quarrel over silly things that always makes me cry

[Bobby]

And babe when I hurt you tears me up inside

[Both]

Let's take the time to count to ten and we'll be laughin' again

Come on baby let's make love not war

Come on baby let's make love not war come on baby what have we fighting for
