

# Skew Siskin, B 4

Stay on my side, take away me pain  
Hold me tight when I'm down, incase I go insane  
On the wildside, shiver in the dark  
Believe in me, don't make me sad  
Winners from the start

Faith, light, hope, out of your mind  
Out of your mind

It's always hard to come down  
You got to be all alone  
No one to hold  
No one to care  
Left, right, bought and sold  
Just make sure you're there

TO DO ME LIKE YOU'VE DONE B4  
TO DO ME LIKE YOU'VE DONE B4  
TO DO ME LIKE YOU'VE DONE B4

Lay your hands on my face  
Tel me I'm yours, put me in my place  
I can't do it wrong, I only do it right  
I know it's true, me and you, blinded by the light

I hope you know I do believe it's real  
Everything is easy babe  
That's the way it feels  
That's the way it feels

It's always hard to come down  
You got to be all alone  
Stay on my side  
Don't tell me no lies  
Whenever I'm in trouble  
You better make it right

TO DO ME LIKE YOU'VE DONE B4  
TO DO ME LIKE YOU'VE DONE B4  
TO DO ME LIKE YOU'VE DONE B4

Here we are  
Standing tall  
Without each other we're nothing at all
