

Skillet, Best Kept Secret

Shrouded in proof, You're the mystery
You're the truth that lives within the world we see
You're the hand that holds destiny

And I can't pretend i don't know
And I can't leave it alone (yeah, yeah)

[Chorus:]
You're the best kept secret in my generation
The best kept secret of all time
You're the best kept secret in my generation
And I found you out

You're the hope over the centuries
You're the cosmic force that rules the galaxies
You're the evidence that demands our belief

And I can't live for myself
I can't keep this all to myself (yeah, yeah)

[CHORUS (repeat)]

Let it out
Let it out
Let it out
Let it out, yeah!

And I can't pretend I don't know
And I can't leave it alone (yeah, yeah)

[CHORUS (repeat)]
