Skillet, Saturn

I ask him When will I Be free he Said I am Asking him When will I Change he said No matter now No matter now

Saturn has a ring around it You can never see it with your eyes Saturn has a ring around it Many moons know this to be true

You ask him How can you Be real he Said you'll be Knowing him How you do Now he says Rest in this Rest in this

Saturn has a ring around it You can never see it with your eyes Saturn has a ring around it Many moons know this to be true Heaven has a ring around it The angels sing a song over you Heaven has a ring around you If you don't see it know that it's true
