

Skillet, The Last Night

You come to me with your scars on your wrist
You tell me this will be the last night feeling like this
I just came to say goodbye
I didn't want you to see me cry, I'm fine
But I know it's a lie

[Chorus:]

This is the last night you'll spend alone
Look me in the eyes so I know you know
I'm everywhere you want me to be
The last night you'll spend alone
I'll wrap you in my arms and I won't let go
I'm everything You need me to be

Your parents say everything is your fault
But they don't know you like I know you they don't know you at all

I'm so sick of when they say
It's just a phase, you'll be o.k. you're fine
But I know it's a lie

[Bridge:]

The night is so long when everything's wrong
If you give me a chance
I will help you hold on
Tonight
Tonight

[Altro:]

I won't let you say goodbye
And I'll be your reason why
The last night away from me
Away from me
